

Comment No. 29 (cont.)

Issue Code: 16

The proposed action, which includes continuing weapons dismantlement activities at Y-12, fully supports the goals of Article VI of the Nuclear Nonproliferation Treaty, in which signatory nations agree to work toward total disarmament. Since the end of the Cold War, the United States has significantly reduced the size of the nuclear weapons stockpile, and DOE has dismantled more than 15,000 nuclear weapons. At the present time, the United States is further downsizing the nuclear weapons stockpile consistent with the terms of START I and the recently ratified START II. Although Russia suspended its nuclear weapons dismantlement activities on January 20, 2001, DOE has continued its weapons dismantlement activities.
